Swim Lesson Criteria

Parent Child: Ages 6 months to 2 years. This class is an introduction to water class. The class is designed to teach the parent to help their child become familiar with the water. Parents must participate in this class.

Level 1: Introduction to Water Skills: This class does not include parents and will include learning skills such as blowing bubbles, kicking on the front and back, and retrieving objects beneath the water. Children at this level will need assistance with all skills.

Level 2: Fundamentals of Aquatic Skills: This class is for children who are comfortable in the water, but are still discovering their independence in the water. Stroke introduction is primarily the subject of this class. Children may or may not need some assistance with various skills.

Level 3: Stroke Development: This class is for children who are comfortable swimming short distances with no support or assistance. Course is mainly for stroke development and endurance. Treading water will be introduced.

Level 4: Stroke Refinement: This class will teach your children all of the competitive swim strokes. This course is designed for stroke refinement. All strokes and treading water without support will be included in this level.

***Currently DS Recreational Services, Inc. does not offer group swim lessons at Lakeshore Pool. Private and Semi-Private lessons can be arranged between you and your child's instructor.**
